

## VICTOR EMMANUEL ENTERS BERLIN.

Drive Through Unter den Linden  
Advanced to Avoid Disorder.

TOASTED BY THE KAISER.  
His Majesty the Emperor of Germany, who was in the city today, was the first to greet the king of Italy. The king of Italy, who was in the city today, was the first to greet the king of Italy.

berlin, Aug. 28.—The entry of King Victor Emmanuel into the city today and his drive through Unter den Linden was advanced purposely half an hour from the published time, as a precaution against possible disorder. Consequently the great crowds which had gathered in places an hour before the king's arrival at the Brandenburg gate were disappointed by the arrival at a brisk trot of a gorgeous carriage, in which sat Emperor William and a small man in a dark uniform pulling at a blonde moustache.

The carriage stopped and the crowds ceased cheering in order to see what would happen. The chief burgomaster, Herr Kirschner, advanced and read an address of welcome from a parchment scroll. Behind the burgomaster stood a hundred representatives of the city in evening dress. The reading was over in less than a minute. The Italian king then turned to the German emperor and asked him if he should reply. The emperor shook his head negatively, and the king then turned to the German emperor and asked him if he should reply.

On one side of the thoroughfare cuirassiers, dragoons and lancers lined up two deep made a glowing barrier of color, while on the other side the people's view was unobscured except by extraordinary numbers of police standing with their faces toward the spectators. The cheers of the people were spontaneous and really cordial. They seemed so to Gen. Corbin and Yang and their party, who had a row of good windows. The American officers admired the splendidly horsed cavalry more than anything else.

The show was over in a few seconds. Shouting and the successive crashings of bands played at intervals marked the place of the king and emperor down the avenue. The majesties later drove to the Italian embassy for breakfast and then again to the castle.

The secretary of the United States embassy, John B. Jackson, represented the United States in the absence of the American ambassador, Hon. A. D. White, who is on a visit to Switzerland. Emperor William kept King Victor Emmanuel up late last night at Potsdam and had him out of bed at 6 o'clock this morning. The visit of King Victor Emmanuel to Emperor William has been marked by the conferring of many orders, including the order of the Annunziata, which was personally handed by the king to Count von Buelow. The order of the Black Eagle was bestowed on Signor Zanardelli, the Italian premier, and the German ambassador to Italy, Count von Wedel; the order of the Prussian crown on Signor Prinetti; the grand cross of St. Maurice and Lazarus on the German secretary for foreign affairs, Baron von Richthofen, and the grand cross of the Italian crown on the German under-secretary for foreign affairs, Dr. von Muehlburg. Count Lanza di Busca received a bust of Emperor William.

The king of Italy proceeded to the royal mausoleum at Capotaormina this afternoon and placed a wreath upon the sarcophagus of William I.

At the state banquet tonight, Emperor

## Your Doctor

Always comes promptly? Ever faithful? Saved your life? Then hold fast to him. We believe in doctors. Ask yours about Ayer's Cherry Pectoral for hard colds, coughs of all kinds, asthma, bronchitis, and other throat and lung troubles. For 60 years doctors have used it.

"I have used Ayer's Cherry Pectoral for 52 years. Just a little of it cures a cold and stops a cough."—A. G. Hamilton, Marietta, Ohio.  
25c, 50c, \$1.00. J. C. AYER CO., Lowell, Mass.

William, in a toast to the king of Italy, said:

"When I say with all my heart 'Your majesty is welcome,' it is not a mere expression of conventional politeness, but rather an expression of the deepest conviction of my heart. Your majesty is welcome as the son of the illustrious King Humbert, of whom I ever retain reverent recollections. Welcome to your majesty as king of that magnificent and beautiful Italy, the land of our dreams and the source of inspiration for our artists and poets. Welcome as our faithful ally upon the renewal of the pact of friendship which binds us together. Welcome as our illustrious friend, the emperor-king, Francis Joseph, of that alliance which unites us, which continues in us our strength, and which has woven itself into the lives of our people after having for several decades assured the peace of Europe as by God's will it will continue to do. The entire fatherland unites with me in shouting this joyful greeting. 'Hurrah! hurrah! hurrah!'"

King Victor Emmanuel, replying to Emperor William, said the feelings of affection expressed by the emperor were a pledge of friendship which he reciprocated from the bottom of his heart.

"In token of the brotherly affection uniting our illustrious ancestors," said the king, "our nations will advance in civilization, protected by the old alliance between Italy and two imperial powers which public opinion recognizes as the emblem of peace and its most effective safeguard."

CHINESE INDEMNITY.

State Department Will Begin Distribution of it at Once.

Washington, Aug. 28.—The state department has decided to begin at once the distribution of the first installment of the Chinese indemnity funds, amounting to about \$480,000 among the missionary societies and individuals who suffered from the Boxer uprising. The claims commission is composed of Minister Conger, Secy. Bainbridge and U. S. Consul Nagasaki, and has had the plan of reporting upon the merits of the claims in installments instead of making one report at the end of the year. Their first report, which has just been received, passes upon 60 claims out of a total of about 250. These 60 claims amount in the aggregate to about \$80,000 so the first installment of the Chinese indemnity will not be large enough to defray that total. Instead of waiting until sufficient is at hand for this purpose the acting solicitor of the department, Mr. Vandine, recommended that a payment of 25 per cent be made to each of these claimants, and the plan has been adopted by the department. It is expected that the total of the claims allowed will amount to about \$2,500,000.

Ada Gray, the Actress, Dead.

New York, Aug. 28.—Ada Gray, for years playing the leading role in East Lynne, died in the Fordham home for incurables Wednesday. She was buried today by the Actors' Fund of America. She was about 60 years old.

A Headless Body Found.

St. Louis, Mo., Aug. 28.—A special to the Republic from El Paso, Texas, says: Two boys found a head protruding from a sand pile, three miles from here and across the boundary in New Mexico, and investigation revealed a headless body. The police believe the body to be that of Jay Cullings, a civil engineer who recently disappeared and supposedly was murdered. An investigation is being made.

## PALMA STANDS WITHOUT SUPPORT

Not a Single Newspaper Controlled  
By Cubans is for Him.

THEIR OPPOSITION BITTER.

Principal Cause of Hostility is Grant  
Of Castaneda Concession for  
Electric Light Plant.

Havana, Aug. 28.—Prest. Palma finds himself today without the support of a single newspaper controlled by Cubans. The editorials published in the Cuban press are, considered collectively, remarkable for their bitterness and outspoken opposition of the chief executive. The only paper which supports the president is the Diario de la Marina, formerly the organ of the Spanish government and at present representing the Spanish colony in Cuba.

One of the principal causes for the opposition to Prest. Palma seems to arise from the fact that he granted the Castaneda concession for the establishment of an electric light plant at Havana. This concession has been a subject of bitter discussion in the house of representatives and some members are demanding Senor Palma's impeachment unless the concession is rescinded. The impeachment matter has been upon the table for the past week. Bona houses of congress have become badly disorganized over this question and the result has been a strong anti-Palma feeling.

Scheme for Franco-American Line.

London, Aug. 28.—A big scheme is being hatched by the correspondent of the Daily Mail from Paris, "for French and American capitalists to build a fleet of steamers to sail under the French flag between the United States and the West Indies to capture European markets."

Schwab Worked All Way Over.

London, Aug. 28.—In a dispatch from Havre, the correspondent of the Daily Express declares on the evidence of fellow passengers of Charles M. Schwab, president of the U. S. Steel corporation, who sailed from New York Aug. 21, on the Lorraine, that Mr. Schwab worked extremely hard during the trip over and never gave himself five minutes' leisure.

Automobile Falls Thirty Feet.

New York, Aug. 28.—A heavy public automobile fell into the rapid transit subway in Broadway between Forty-third and Fort-fourth streets, falling 30 feet and flinging the chauffeur, Edward Morris, into the trench. Morris was internally injured and will die.

The Buford Making Slow Trip.

San Francisco, Aug. 28.—An unusually slow trip from the Philippines is being made by the transport Buford, Capt. Crocker. The vessel sailed from Nagasaki on Aug. 5, and is therefore about 21 days. On board are 46 men of the Eighth infantry, 104 men of the Twenty-fifth infantry, besides a number of saloon passengers. Word has been received that the Kilpatrick sailed from Nagasaki on Aug. 24, and the Meade on the 26th, both for this port. A private telegram announces that the Logan reached Manila yesterday.

China is Very Gracious.

Emperor and Empress Dowager Grant Fair Commissioner an Audience.

Tacoma, Wash., Aug. 28.—Oriental

advice just received state that the audience granted July 26 at Peking by the emperor and empress dowager of China to John Barrett, commissioner general for the St. Louis world's fair, was exceptionally notable and remarkable. It was the first time in the history of the Chinese court that the emperor and empress dowager had received any commissioner from a foreign land on a similar mission, but this innovation was followed by a still more striking one. At the conclusion of the addresses exchanged by the emperor and the commissioner general, the empress dowager, in violation of all precedents, invited Minister Conger and Commissioner Barrett to ascend the throne dais, or platform, itself, where she engaged them in private conversation through a high Chinese official, who could speak English. After asking many questions about America, the president and the world's fair, she stated that China would take part and send an imperial commissioner, in person, to the exposition, and the friendly relations of both countries, particularly requested Mr. Barrett to convey to Prest. Roosevelt China's deep appreciation of the generous attitude of the United States toward that country in the recent troubles.

ATTEMPT TO MURDER A FAMILY

Some Fiend Placed Arsenic in the Coffee Can.

Guthrie, O. T., Aug. 28.—A bold attempt to murder a family has happened at Blackwell, O. T., by arsenic being placed by unknown parties in the coffee can, and as a result of drinking liquid made from the coffee, Mrs. Alice Combs and son Ernest, lying near death, their recovery still being in doubt. While the Combs family were absent from home, unknown parties entered, placed the poison in the coffee and stole a number of valuable articles, which were later found broken in many places a short distance from the house. Mother and son were thrown into spasms from drinking the coffee, and have suffered greatly. Parties are under suspicion, but no arrests have been made. Recently an attempt was made to burn the Combs house.

HUNGARIANS EXCITED.

Over Proposed Visit of Deputation From the Old Country.

New York, Aug. 28.—Hungarian residents of this city are greatly excited over the coming of a deputation from their mother country, which is to present to Hungarians here the banner of their native land. On this flag there are inscribed the lines:

"Be ye dauntlessly loyal to your fatherland."

Anthony F. Ambrose, president of the supreme assembly of the National Slavonic society of the United States, which numbers some 15,000 members, is indignant over the attitude which he heard of was intended, he telegraphed the secretary of the treasury asking that the flag be not admitted to the exposition. He also addressed letters to the president, the secretary of state and the secretary of the treasury, in which he urged that the presentation of the flag and the 5,000 text books of the

the darkness below. Hundreds of persons from the theaters and diners in several restaurants gathered about the trench.

Workers in the tunnel at Forty-second street ran up the subway and found the wrecked automobile first and then saw Morris in agony 20 feet away. Four workmen carried him to Forty-second street and he was hoisted to the street level. By this time nearly 3,000 people, men and women, had gathered about the trench. They leaned against the railings with such force that the timbers cracked. The women screamed with fear and with their efforts fled for safety but nothing serious occurred.

All Ready for Army Maneuvers.

Newport, R. I., Aug. 28.—After months of preparation, the final war maneuvers by the army of defense against an enemy made up of a large number of ships of the navy will begin at midnight on Sunday. The preliminary work will practically end at midnight on Friday and two days will be allowed the attacking fleet and the army of defense to get into position. In order to decide which side wins the imaginary contest, which will go through next week, a large number of umpires and observers have been assigned to the different points. The fleet will be commanded by Admiral Higginson. Each vessel of the fleet will have a navy umpire and an army observer, while each of the attacking forces will have a naval observer. The army today established a signal and a searchlight station near the Brenton Cove life saving station. This is the only searchlight station that the army will have outside of Newport harbor, on the east side of Narragansett bay.

## ACQUISITION OF TERRITORY.

Hon. John G. Carlisle Delivers an  
Address on Subject.

LIMITATIONS OF POWER.

Constitution Does Not Expand or Contract, but Extends Where Our  
Boundaries Extend.

Saratoga, N. Y., Aug. 28.—John G. Carlisle of New York, formerly secretary of the treasury, delivered the annual address before the American Bar association today. He spoke upon the power of the United States to acquire and govern territory, which, he said, was a question growing out of the acquisition of the territory from Spain. Unless the Constitution is changed, which is hardly probable, said Mr. Carlisle, the law is the same whether the territory is located in the eastern or western hemisphere.

He next touched upon the limitation upon the power to acquire territory under the Constitution, and stated that the United States and referred to the power to declare war and to make treaties. The territory acquired by military occupation, the speaker declared, is held by the same law until Congress can meet and substitute civil for military government.

"Congressional power to govern acquired territory is based upon its length and the Porto Rico incident in regard to the imports and exports was alluded to by the speaker. Porto Rico is the same power as the right to declare war for one purpose and foreign for another purpose, he said. Mr. Carlisle quoted from decisions handed down by the United States supreme court to uphold his contention.

Mr. Carlisle said, in addition, that the right of discovery, is acknowledged by international authorities. The power to acquire territory is derived from the same power as the right to declare war. Not only is the power to acquire admitted, but also the right to govern it admitted.

"I do not believe that the power to take people, to prescribe present rights and privileges," he said, "goes to the extent of depriving them of a self-conduct of affairs which concern themselves. The territory is not property in the sense of depriving its inhabitants of the power of government. The government in a territory when ratified by a treaty becomes de facto although not de jure a part of the United States. The functions of the latter, after the recognition of territory as a part of the new owner, are merely to preserve order, to protect the interests of the people, to see that they shall enjoy the liberties of subjects of the governing country. When the treaty with Spain was ratified, Porto Rico became a part of the United States. Those new possessions could not become domestic for one purpose and foreign for another."

It was held, however, that Porto Rico and the Philippines did not become domestic under the meaning of the revenue laws. The Constitution was supposed to be in force in Porto Rico and the Philippines as a part of the United States. The trade with Porto Rico is domestic trade and the authorities of the port of New York have ruled that the regulations governing vessels trading in foreign trade did not apply to those trading with Porto Rico.

"The Constitution does not expand or contract, but extends wherever our boundaries extend. As the territory of a country expands, so is the jurisdiction enlarged, or is decreased if territory diminishes. The nature and source of jurisdiction is the same."

CHINA IS VERY GRACIOUS.

Emperor and Empress Dowager Grant Fair Commissioner an Audience.

Tacoma, Wash., Aug. 28.—Oriental

advice just received state that the audience granted July 26 at Peking by the emperor and empress dowager of China to John Barrett, commissioner general for the St. Louis world's fair, was exceptionally notable and remarkable. He also addressed letters to the president, the secretary of state and the secretary of the treasury, in which he urged that the presentation of the flag and the 5,000 text books of the

Hungarian language, which accompanied it, be not allowed.

"The presentation of this flag should not be allowed," said Ambrose in an interview. "I, as president of a society which numbers 15,000 members, speak the sentiments of my conferees. We came to this country, we received good wages, we support ourselves well. The object of our society is to make the members become citizens of the United States, as soon as we are able. We cannot serve under two flags. I have cause to hope that to every member of the society not to participate in the parade or reception to the deputation."

GRAVES OF SOLDIERS.

Those Who Fell in Nez Perces War To Be Marked.

Helena, Mont., Aug. 28.—After lying in unmarked graves for 25 years, the bones of 21 soldiers who fell in the last battle with the Nez Perces Indians near the Bearpaw mountains are to have reared above them a suitable monument and the spot will become a national park. The monument will be erected by the War department and upon his request the interior department has withdrawn the land about the spot from entry. The next Congress will be asked to create Bearpaw a national park and erect a monument.

Capt. Samuel Basse Dead.

Whatcom, Wash., Aug. 28.—Capt. Samuel Basse, who came to the Pacific coast in 1859, settling in Oregon, died here tonight, aged 71 years.

He has been prominent in Democratic politics in this state and Oregon for the last 40 years, holding numerous federal and state offices. He was born at Mount Holly, N. J.

FUSION TICKET

NAMED IN NEVADA

Reno, Nev., Aug. 28.—The Silver party this afternoon nominated Lemuel Allen of Churchill county for lieutenant governor; G. F. Talbot of Elko for supreme judge; Eugene Howell, secretary of state; Dave Ryan, treasurer; E. D. Kelley, general.

The Democratic convention nominated E. G. Newlands for senator; C. D. Van Duser, congressman; John Sparks, governor.

C. E. Mack of Storey was given the Silver nomination for long term regent of the university.

The Democratic convention nominated James C. Newlands of Churchill for attorney general; John Edward Bray for superintendent of public instruction, and W. W. Risher for short term regent of the university.

William Woodman was nominated for judge of the first judicial district; B. E. Currier for the second; Peter Breen of Eureka for the third; George Brown of Elko for the fourth; and M. S. Bonfield Jr., of Humboldt for the fifth.

This practically completes the labor of both conventions, and all that remains to be done is to meet in joint convention and ratify the nominations made.

The fight to unite Nevada senators promises to be a hard fought battle between the two rival parties. Hon. Thomas P. Hawley is a strong man. He has been a resident of Nevada for 49 years, and has occupied many places of trust and honor. The major part of his life has been on the judicial bench, and for 15 or 20 years he has been United States judge for the district of Nevada.

F. C. Newlands has been a resident of this state for many years, 19 of which have been spent in serving the people of the commonwealth in the Congress of the United States. Two years ago Newlands announced that he would be a candidate for the United States senate. It is to be a pretty fight, and both the Republicans and fusionists claim to hold the top hand.

Hon. A. C. Cleveland of White Pine will probably be pitted against John Sparks, whom the Democrats nominated today for governor.

PERSIAN GULF QUESTION.

Capt. Mahan Says It is Second in Importance Only to China Problem.

London, Aug. 28.—Discussing in the National Review international relations on the Persian gulf, Capt. T. Mahan, U. S. N. (retired) characterizes the problem there presented as second only to the Chinese question and as one certain to claim world notice, comparing the various interests bound up in the Persian gulf, Capt. Mahan says:

"While Russia and Great Britain have no nominally equal interests, Great Britain's interest in predominance is probable owing to the necessity of her safeguarding her trade route by way of Suez to India. Germany's interests coincide so closely with Great Britain's that it is reasonable to expect there to work hand in hand while Russia will hardly undertake an aggressive move on southern Persia until she has completed the Siberian railway, which will absorb all her available money and energies for some time to come."

Chamberlain May Tax Colonies.

London, Aug. 28.—A dispatch from Pretoria to the Times, in which the correspondent says the prime minister is test against the attempt to increase the tax on mines with a view of making the new colonies contribute to the cost of the war, says well founded reports credit Joseph Chamberlain, British colonial secretary, with the idea of getting from \$250,000,000 to \$500,000,000 from the colonies for this purpose.

"It is well to face the facts," says the Times correspondent, "and the facts are that for many years to come there will be no prospect of the Transvaal having any surplus above what is necessary for the proper development of the country. It is obvious that any attempt to exact even \$250,000,000 would permanently hamper the resources for what at best will for years remain a poor country, dependent upon a single industry."

Idaho Republican Committee.

Boise, Ida., Aug. 28.—Chairman Frank R. Gooding of the Republican state committee this evening announced the following vice chairman and executive committee:

Vice Chairmen—G. G. Pickett, Moscow; Theodore Turner,ocatello. Executive Committee—J. Gray, N. M. Bulech, H. A. Cowden, G. C. Parkinson, W. F. Brewster.

THE NEGRO PROBLEM.

London Telegraph Says It is a Serious One for Anglo-Saxons.

London, August 28.—Apparently inspired by the native problem which is looming up in South Africa, the Daily Telegraph this morning publishes a significant editorial on the negro question, which it insists is for the Anglo-Saxon races, a more serious and urgent problem than the yellow danger. The paper confesses that the ideals which underlie the emancipation movement have quite failed of realization; that the negro is quite incapable of working out his own salvation and that the negro is a menace to the white race, a mischievous influence to both negroes and whites. Negro franchise in the southern states of America, says the paper, is already a farce and its suspension is an exception to the rule. It cannot in all probability be permanent, in deference.

In conclusion the article asks: "What is to be the ultimate destiny of these vast and multiplying black populations in South Africa? That is the problem which looms behind every other."

## UNIVERSITY OF UTAH.

The University of Utah includes the School of Arts and Sciences, the State School of Mines and the State Normal School.

SCHOOL OF ARTS AND SCIENCES.—The School of Arts and Sciences offers courses in:

- 1.—General Science.
- 2.—Liberal Arts.

STATE NORMAL SCHOOL.—The Normal School offers:

- 1.—A 4 years' Normal Course.
- 2.—Advanced Normal Courses.
- 3.—Courses in Kindergarten Training.

STATE SCHOOL OF MINES.—The School of Mines offers courses in:

- 1.—Mining Engineering.
- 2.—Electrical Engineering.

PREPARATORY SCHOOL.—A preparatory school is maintained which gives preparation for the courses in General Science, Liberal Arts, Mining and Electrical Engineering, Law, Medicine, and Business.

The proximity of great mines, reduction works of various kinds, and power houses for the generating of electricity afford advantages for thorough and practical work in mining and electrical engineering not enjoyed by any other school of mines in the United States.

SHOP WORK IN WOOD AND METALS.—Students in engineering courses are given two years' work in wood and metals in well equipped shops and under the direction of thoroughly competent machinists.

MANUAL TRAINING AND DOMESTIC SCIENCE are features of the normal course.

No tuition is charged, but annual registration fee is required. Registration of students, September 12th and 13th.

Arrangements have been made whereby students from outside the city may board and room at the Grand Pacific Hotel, opposite O. S. L. R. depot, Salt Lake City, at 15 cents a day until they are permanently located.

The University Annual, which gives full information concerning courses, requirements for admission, etc., will
